Your Role

Make any adaptations to your surveys by **Jan 15**

1. Using Step-by-Step Guide, make any adaptations to family or staff surveys using “Track Changes” in Word
 - Provide rationale for changes in comment boxes
2. Upload adapted versions to Box and email your coach cc'ing Greg to let them know you've submitted
 - Approval or follow-up questions will be within 4 business days

Make any adaptations to your surveys by **Jan 15**

3. Translations

- BU will provide a single electronic version of the required QI measures surveys in both English and Spanish
- States will be responsible for updating both versions with both adaptations and supplemental questions

4. Acceptable Adaptations that will speed up approval process

- Minor rewording the opening and question set preambles.
- Addition to, or minor rewording of, response options.
- Minor rewording of questions that don't change their intent/meaning.

Measurement Table or Plan

CMC COIIN SUMMARY MEASURES TABLE – QIDA QI MEASURES

Measure	Measure Type	How will it be collected? <i>(Process)</i>	When will it be collected? <i>(Time period)</i>	Frequency	Respondent	Notes/Special Considerations
Medical Home (A single “all or nothing” measure based on 7 elements of MH)	Process			Q6Month	Families (random sample or consecutive of 40 parents)	
Shared Plan of Care (A single “all or nothing” measure based on elements of SPC)	Process			Q6Month	Families (random sample or consecutive of 40 parents)	
Unmet Need for Child Healthcare Services	Outcome			Q6Month	Families (random sample or consecutive of 40 parents)	
Child Quality of Life (Management of Symptoms)	Outcome			Q6Month	Families (random sample or consecutive of 40 parents)	
Child Quality of Life (Relationship with Care Team)	Outcome			Annually	Families (random sample or consecutive of 40 parents)	
Family Well-Being (Time Providing Care)	Outcome			Q6Month	Families (random sample or consecutive of 40 parents)	

Why Bother?

- Best practice for getting teams to think through the details
- Validity and addressing questions re: data
- Multiple data collectors? You want each to gather the same way
- Sustainability- handoffs
